# DECLARATION

I hereby declare that this dissertation to the best of my knowledge, is solely composed by myself and it neither contains any direct or indirect materials from previously published articles nor written by another person. Further, this thesis has not been submitted for any award or degree of any other university or institute of higher education except as specified.

# **ACKNOWLEDGMENT**

I would like to extend my gratitude to the following people, without whom I'd not have been able to accomplish this research, especially to my supervisor Prof. Pradeep Abeygunawardhana for the encouragement and inspiration which steered me through this research. I'd also like to express my sincere appreciation to our Master's coordinator Mr. Samantha Rajapaksha and Dr. Anuradha Jayakody for guiding us through this research. Finally, I'd like to convey my sincere thanks to my friends and family members for their staunch support for my studies to go the extra mile.
